

TOMÁS AGUIRRE

t6aguirre@gmail.com ♦ t6aguirre.github.io ♦ Citizenship: Portuguese and Brazilian

EDUCATION

Bachelor of Economics, University of São Paulo (USP) 2025
Best GPA and best senior thesis awards among ~150 graduating economics students.

RESEARCH

How Adaptable Are American Workers to AI-Induced Job Displacement? *NBER Volume: Economics of Transformative AI*

S. Manning (GovAI) and **T. Aguirre**. Companion report at the Brookings Institution. Covered in The Washington Post, The Economist, and the Financial Times.

AI-Assisted Teams Outperform AI-Led Teams but Not Human-Only Teams in Assessing Research Reproducibility in Quantitative Social Science *Forthcoming at the Proceedings of the National Academy of Sciences (PNAS)*

A. Brodeur (University of Ottawa) et al. (large-scale collaboration)

Economic Evaluations of Language Models

Under review at NeurIPS

A. Wan (Stanford), S. Hatgis-Kessell* (Stanford), **T. Aguirre***, P. Liang (Stanford), and R. Bommasani (Stanford).

*Equal contribution. Work presented at Harvard, University of Chicago and ICML.

The Jagged Global Economy: Frontier AI Unevenly Exposes National Economies

Under review at NeurIPS

A. Murugan (UC Berkeley), **T. Aguirre**, A. Nagaraj (UC Berkeley), and R. Bommasani (Stanford).

Estimating Time Spent on Work Tasks

Working paper

S. Hatgis-Kessell (Stanford), **T. Aguirre**, A. Wan (Stanford), and R. Bommasani (Stanford).

On Labs and Fabs: How Alliances, Acquisitions, and Antitrust are Shaping the Frontier AI Industry *arXiv preprint*, 2024

T. Aguirre. Cited in the International AI Safety Report 2025.

Early Labor Market Responses to Generative AI in a Developing Country: Evidence from Brazil *Under review at the Journal of Development Economics*

T. Aguirre and L. Meloni (USP)

RESEARCH EXPERIENCE

Research Scholar, Centre for the Governance of AI

Aug 2026 - Present

Incoming researcher on the economics of frontier AI, continuing collaboration with Sam Manning and the newly formed GovAI economics team.

Research Affiliate, Stanford Digital Economy Lab (DEL)

June 2026 - Present

Empirical work on AI's labor-market impacts and economic indicators for AI adoption.

Research Assistant, Centre for the Governance of AI

May 2024 - Jul 2025

Adviser: Sam Manning (Senior Research Fellow). Summer Research Fellow in London (2025). Co-authored the NBER working paper on U.S. workers' adaptive capacity to AI-induced displacement (companion Brookings report); contributes to Bommasani-led work on open-source measures of AI applicability across economic tasks.

Research Assistant, Cambridge Boston Alignment Initiative

Oct 2023 - Mar 2024

Adviser: Charlotte Siegmann (MIT Economics PhD student). Analyzed antitrust implications of the AI supply chain market structure.

Summer Fellow, Pivotal Research

Jul 2023 - Aug 2023

Selected as one of 13 fellows from over 500 applicants; authored report on AI supply chain integration, mentored by Charlotte Siegmann and Andrew Koh (MIT Economics PhD student).

Research Assistant in Economic History, USP

Jan 2023 - Jun 2024

RA to Prof. Renato Colistete and Rafael Cariello. Built machine learning pipeline to transcribe 19th-century export data (funded by Brazil's national research agency, CNPq).

RESEARCH EXPERIENCE (CONT.)

Research Assistant in Industrial Organization, USP
RA to Prof. Claudio Lucinda. Researched petrochemical market concentration (CNPq scholarship) and electric sector regulation (contractor for consulting firm i4).

Mar 2020 - Jul 2021

OTHER PROFESSIONAL EXPERIENCE

AI Engineer, Palver
Led AI development projects at an early-stage Brazilian startup. Built machine learning models for news classification and public discourse tracking.

May 2023 - Oct 2024

Summer Intern, Giant Steps Capital
Worked on updates of machine learning pipeline which orchestrated automated testing of new models at the largest Latin American quantitative hedge fund.

Jan 2022 - Apr 2022

SKILLS

Programming
AI & DS
Other Tech
Languages

Python, R, Stata (in descending order of experience)
PyTorch, Pandas, Numpy, Matplotlib, Seaborn, Scikit-learn
LaTeX/Overleaf, Git/GitHub
Portuguese (native), English (fluent), Spanish (basic)

REFEREEING

International Association for Safe and Ethical AI (IASEAI) conference, Paris (area: Future of Work and Education)

2026

SERVICE

Member of the Executive Board, International Economics Olympiad
Elected to the IEO Executive Board as former silver medalist and trainer of three world-champion Brazilian teams. The exeutive board oversees competition organization and long-term policies.

2022 - 2025

Member of the Organizing Committee, Brazilian Economics Olympiad
Coordinated Academic Sector, managed test development, and led Communication Working Group. Helped increase participation by +50% year-over-year.

2020 - 2022

AWARDS AND GRANTS

Best GPA and best senior thesis (Prêmio Luiz de Freitas Bueno) among ~150 graduating economics students, University of São Paulo

2025

Leader of the Brazilian delegation at the 4th International Economics Olympiad (1st place among 44 participating countries)

2021

~4,000 USD SempreFEA Endowment Association grant for Brazilian Economics Olympiad’s Communication Working Group

2021

Scientific initiation scholarship from Brazil’s National Council for Scientific and Technological Development

2020

Silver Medal at the 1st International Economics Olympiad

2018

1st place among ~2,000 participants in the 1st Brazilian Economics Olympiad

2018

OTHER SELECTED ACTIVITIES

Invited speaker at the NBER Workshop on the Economics of Artificial Intelligence as co-author of volume chapter, at Stanford University

2025

Selected participant for the Economics of Transformative AI summer course, at Stanford University

2025

Teaching Assistant for Prof. Marcos Fernandes in Mathematics Applied to Economics (undergraduate course)

2025

Teaching Assistant for ML4Good Brazil 2024 (10-day AI safety bootcamp for South American participants)

2024

Quantitative Economics Workshop participant at CREST, Polytechnic Institute of Paris

2022

Student of Real Analysis and Introduction to Mathematical Economics summer courses at IMPA (Instituto de Matemática Pura e Aplicada)

2021
